

Improve Employee Recruitment

More employees today are specifically seeking out financial wellness tools to be included in company benefits packages.

Increase Instant Adoption Rates

Get more of your employees using the Instant App by offering financial wellness and benefit from increased program participation.

Boost Employee Satisfaction

Showing your employees that you have made their financial and personal wellness a priority can lead to happier, more engaged workers.

Financial Wellness Tools

In addition to offering same day pay solutions, Instant has partnered with 6 unique, best-in-class financial wellness products that your employees can use.

Financial Education & Literacy

Your employees can learn the basics of personal finance to understand how to create a budget with the help from the professionals at Practical Money Skills powered by Visa.

Free Rent Reporting

With the overwhelming majority of US-based line level employees renting a home or apartment, there is a missed opportunity for credit building through rent payments. Self, Inc. can help your employees by reporting on-time rent payments to all three major credit bureaus for free.

High-Yield Savings

Most standard savings accounts offer less than 1% interest. Engine by MoneyLion allows your employees to choose from the top high-yield savings account offers from the top institutions. Interest rates up to 5% and funds are FDIC-insured. There are low balance minimums and no monthly fees.

Auto Insurance Marketplace

Insurify is America's top-rated online insurance marketplace, offering a secure way to compare and buy coverage. With a network of 120-plus carrier partners, Insurify empowers consumers insurance in minutes, either online or with the help of a licensed agent. By using Insurify, customers can save hundreds of dollars annually, with some saving up to 50% on their premiums.

Welcome+

Not every employee falls under the same benefits package, especially part-timers working less than 28 hours a week. Welcome Tech provides telemedicine access, prescription discounts, discounts on vision and dental services, and access to mental health resources at a low monthly cost to the employee and no extra cost to the employer.

Credit Builder

Building credit can be difficult, especially for team members who are from a different country who might not have any credit at all. Engine by MoneyLion gives your employees an opportunity to improve their credit by reporting on-time loan or credit card payments to one or more of the major credit bureaus. No credit score is required to get started.

Easily Accessible Through the Instant App

Employees enjoy seamless access to any of the 6 financial wellness tools through their Instant App.
